GAS

1971 INDEX
JANUARY – DECEMBER

AUTHOR INDEX

Author, Title	Month, Page
Armstrong, Newton E.	
Automation survey gives industry insight	April 36
Gas industry uses minicomputers	Feb. 39
Beck, H. V.	
Critical flow nozzles for gas measurement	Sept. 49
Berghegger, Howard	
Proving diaphragm-type PD gas meters, Part 1	June 36
Part 2	July 58
Bonner, Joseph A.	
Design of a closed-loop testing facility	Oct. 53
Boyer, Howard M.	
Increasing the capacity of distribution systems	Feb. 44
Brosche, Lyle E.	
Engineered weather predictions	Mar. 60
Buckley, Charles P., and McKenna, John T., Jr.	
Satellite LNG plants receive attention	Oct. 69
Cannella, Sam	
Operating experiences with elbow flow meters	Jan. 43
Catell, Robert B.	
The cost to comply	Oct. 58
New Federal safety regulations	May 51
Cofield, W. W., and Graves, R.G.	
Measuring LNG is important	Mar. 63
Cooper, Glen E., and Flugum, Virgil O.	
DAS oversees NNG compressor stations	April 40
Craig, Kenneth A.	
Plastic insertion saves time, dollars	Nov. 58
Day, R. A., Escolas, E. J., and Mengers, C. F.	
Industry leaders look at plastic pipe	Mar. 34
Dodge, Terry	
Minor details influence compressor packaging	Dec. 46
Escolas, E. J., Day, R. A., and Mengers, C. F.	
Industry leaders look at plastic pipe	Mar. 34
Flugum, Virgil O., and Cooper, Glen E.	
DAS oversees NNG compressor stations	April 40
Ford, K. C.	
Significance of plastic pipe testing	June 33
Fowler, David P.	
A.G.A.'s Hart reports on Washington scene	Dec. 36
Funck, Dr. Dennis L., and Meyer, Dr. Daniel D.	
Short-term quality control tests on PE pipe	Mar. 50
Gallagher, Merle, and Sutton, Richard	
Turbo Meter accuracy stability evaluation	Nov. 49
Garrett, W. A., and Rice, I. G.	
Design criteria for a 3,500-hp turbine package	June 42
Trunkline Gas uses 3,500-hp power package	May 61
Graves, R. G., and Cofield, W. W.	
Measuring LNG is important	Mar. 63
Grow, George C., Jr.	
Underground storage continues to grow	June 31
Heap, John	
Automating a gas system	Dec. 42
Heath, Milton, Jr.	
System surveillance is a profession	Jan. 32
Hendrick, G. A.	
Converting from steel to plastic	May 78
Hyman, Samuel I.	
Application of computers to distribution	April 56
Kleinberg, Joseph A.	
One-number call system reduces underground damage	Dec. 35
Kridner, Ken	
Coatings survey reveals continued importance	Feb. 33
An evaluation of the energy crunch in the U.S.	Aug. 38
Plastic pipe survey reveals continuing trend	Mar. 36
A new research center	Dec. 38
Kroeger, Carroll V.	
Deputy chairman of Gas Council interviewed	Sept. 38
An evolving Australian gas industry	Nov. 45
Gas industry blossoms in Japan	Oct. 62
Gas talks with J. A. Buckley, president of IGE	Aug. 42
An interview with IGU president	May 64
Liquefied natural gas in France	Mar. 56
Russia's emerging gas industry	June 46
United Nations meet looks at gas in Europe	Jan. 46
What happens when an LNG supply fails	Feb. 36
Larson, Ed	
SNG is coming to Brooklyn Union	Dec. 28
Laudenat, Richard T.	
Satellite LNG tank serves well	Mar. 47
Long, F. Vinton	
Periscoping communications–1971	Jan. 35
Lydecker, K. R.	
Buzzards Bay uses LNG	July 48
Mahan, Cory E.	
Corrosion control at compressor and regulator stations	Nov. 62
Makowski, Jacek	
LNG outlook on the East Coast	May 69
McConnaughey, Paul M.	
A rapid detection method for mercaptans	Aug. 54
McKenna, John T., Jr., and Buckley, Charles P.	
Satellite LNG plants receive attention	Oct. 69
Mengers, C. F., Escolas, E. J., and Day, R. A.	
Industry leaders look at plastic pipe	Mar. 34
Meyer, Dr. Daniel D., and Funck, Dr. Dennis L.	
Short-term quality control tests on PE pipe	Mar. 50
Mills, L. D., Jr.	
Detection of compressor cylinder malfunction	July 53
Nibecker, A. G.	
Support pilings for large LNG tank	Aug. 35
Parch, J. R.	
Solving distribution flow problems	July 46
Park, R. R.	
Ocean transport of LNG	Aug. 48
Parker, R. F.	
Gas turbines in North American and Europe	Sept. 52

Author, Title	Month, Page
Pregun, S. E.	
Polybutylene for gas distribution systems	Aug. 46
Rice, I. G., and Garrett, W. A.	
Design criteria for a 3,500-hp turbine package	June 42
Trunkline gas uses 3,500-hp power package	May 61
Roberts, C. A.	
Truck-mounted proving unit speeds field checking	Sept. 35
Springborn, Hal	
CIP program evaluates fuel cell	July 41
Meet Ralph McElvenny, A.G.A. chairman-elect	Oct. 42
NEGA meet discusses OPS code	Feb. 35
NEGA – 'Unlocking New Horizons'	May 77
Sutton, Richard, and Gallagher, Merle	
Turbo meter accuracy stability evaluation	Nov. 49
Tankersley, G. J.	
A report on the past year with the A.G.A.	Nov. 55
Toler, Gerald D.	
Rooftop gas main	Aug. 56
Uhl, A. E.	
Use of automation, system control, computers	Sept. 45
Unger, Henry F.	
Larger machine yields dollar, time savings	July 51
Smog cutters pay off for Arizona utility	April 50
Walker, Harold S., Jr.	
Pros and cons of low-cost housing	Jan. 36
Welt, Leo G. B.	
Pipeline to profit	Feb. 51
Withka, Thomas F.	
New gasification project under way	April 48

COMMENT COLUMNS INDEX

Title, Author	Mo., Page
Communications Corner, *F. Vinton Long*	
Communication switching and use of computers	Feb. 16
Primer of microwave solid-state devices	Mar. 20
Minicomputers for pipelines	April 28
Computer technology for pipeliners	May 20
Telecommunications–post 1971	June 22
Station calls most economical	July 30
Transmission systems for pipeliners	Aug. 24
Transmission speeds for supervisory control	Sept. 17
Black boxes & automatic pipelines	Oct. 24
Optical scanning	Nov. 26
Data modems	Dec. 20
Measurement Man's Corner, *Jim Kemp*	
Turbine metering	Jan. 14
Fluid meters group meets	Feb. 14
Errors in orifice measurement	Mar. 22
Interchangeability hazards	April 14
Session on automatic chart changers	May 14
Improved short courses	June 16
Pittsburgh flow symposium	July 26
Informative sessions at A.G.A. meet	Aug. 16
Trim factors for orifice meter calculations	Sept. 20
The F_G trim factor	Oct. 14
Sampling: to obtain trim factor data	Nov. 16
Btu values for orifice meter calculations	Dec. 14
Corrosion Prevention	
Down the R-O-W, *Marshall E. Parker*	Jan. 12
"The Ouija Board is gone," *Maurice A. Riordan*	Mar. 16
Answer to Pipeline Safety Act, *Maurice A. Riordan*	April 21
Pitfalls in OPS proposal? *Maurice A. Riordan*	May 22
Potential measurements, *B. Husock*	June 18
New criteria needed?, *Maurice A. Riordan*	July 16
Qualitative criterion, *Maurice A. Riordan*	Aug. 20
OPS regulations, *Maurice A. Riordan*	Sept. 24
A person qualified, *Maurice A. Riordan*	Oct. 18
Self enforcement of requirements, *Maurice A. Riordan*	Nov. 20
What's sauce for the goose, *Maurice A. Riordan*	Dec. 16
Regulatory Trends	
Hugoton-Anadarko prices settled	Jan. 6
Tax depreciation and ratemaking	Feb. 8
Liquefied natural gas is expanding	Mar. 8
Natural gas information	April 8
Electric underground rule and antitrust	May 10
Restructured regulatory agencies	June 10
FPC seeks more power	July 8
Higher prices to stimulate search	Aug. 8
Gassing Game	
Gas activities on increase, *Jim Clark*	Jan. 10
Bagge departs from FPC, *Jim Clark*	Feb. 20
Exploration on the uptrend, *Jim Clark*	Mar. 26
Chamber president on energy supply, *Jim Clark*	April 24
Higher prices to spur gas search, *Jim Clark*	May 33
The nickel slab of cheese, *Jim Clark*	June 28
What about solid gas?, *GAS Staff*	Sept. 14
Gary Gabelich–of 'Blue Flame' fame, *GAS Staff*	Oct. 30
Canadian gas for U.S., *GAS Staff*	Nov. 30
A look at energy supply, *GAS Staff*	Dec. 22
Thermally Thinking, Editorial, *Ken Kridner*	
An industry with potential	Jan. 58
Greater public understanding	Feb. 2
Integrity ... the key	Mar. 2
New outlook in Washington	April 2
A new breed of engineers	May 2
Speaking for the Administration	June 2
There's food for thought	July 2
Higher rate of return for efficiency	Aug. 2
Is 40 cents per Mcf enough?	Sept. 2
Emphasis on gas reserves	Oct. 2
The path to understanding	Nov. 2
Give free enterprise a chance	Dec. 2

XUM

SUBJECT INDEX

Title, Author	Month, Page
Cleaning	
A rapid detection method for mercaptans *Paul McConnaughey*	Aug. 54
Compressor	
Chelforo station uses turbine-driven compressors	Oct. 56
Columbia Gulf adds gas turbines	Mar. 48
Corrosion control at compressor and regulator stations *Cory E. Mahan*	Nov. 62
DAS oversees NNG compressor station operations *Glen E. Cooper and Virgil O. Flugum*	April 40
Detection of compressor cylinder malfunction *L. D. Mills, Jr.*	July 53
Gas turbines in North America and Europe *R. F. Parker*	Sept. 52
Latest company reports to FPC on power and pipe *GAS Staff*	July 38
Minor details influence compressor packaging *Terry Dodge*	Dec. 46
Preventive maintenance can extend engine life	June 40
6,000-hp module on offshore platform	April 44
Trunkline uses 3,500-hp prime mover package *W. A. Garrett and I. G. Rice*	May 61
Trunkline uses 3,500-hp prime mover package, Part 2 *W. A. Garrett and I. G. Rice*	June 42
Construction	
Industry survey points to coatings status *Ken Kridner*	Feb. 33
Larger machine yields savings in $$, time *Henry F. Unger*	July 51
Qualifying distribution welders	July 50
Subsea connection speeds Columbia Gulf tie-in	Jan. 25
Transco lays offshore Texas pipeline	Nov. 44
24th annual report of gas industry budgets for construction and equipment *GAS Staff*	May 53
Design	
Brine treatment aids plant operation *GAS Staff*	Dec. 58
Increasing the capacity of distribution systems *Howard M. Boyer*	Feb. 44
Inverter prevents power failure shutdowns	Aug. 57
Rooftop gas main *Gerald D. Toler*	Aug. 56
Solving distribution flow problems *J. R. Parch*	July 46
Subsea connection speeds Columbia Gulf tie-in	Jan. 25
System surveillance is a profession *Milton W. Heath, Jr.*	Jan. 32
International	
An evolving Australian gas industry *Carroll V. Kroeger*	Nov. 45
Chelforo station uses turbine-driven compressors	Oct. 56
Experience with LNG supply *Carroll V. Kroeger*	Feb. 36
Gas Council deputy chairman talks on industry *GAS Staff*	Sept. 38
Gas industry blossoms in Japan *Carroll V. Kroeger*	Oct. 62
GAS talks with J. A. Buckley, president of IGE *Carroll V. Kroeger*	Aug. 42
Gas turbines in North America and Europe *R. F. Parker*	Sept. 52
An interview with the IGU president *Carroll V. Kroeger*	May 64
LNG in France *Carroll V. Kroeger*	Mar. 56
Pipeline to profit *Leo G. B. Welt*	Feb. 51
Russia's emerging gas industry *Carroll V. Kroeger*	June 46
U. N. meet looks at European gas markets *Carroll V. Kroeger*	Jan. 46
LNG, CNG, SNG	
Arizona utility uses CNG effectively	Aug. 52
Buzzards Bay uses LNG *K. R. Lydecker*	July 48
CNG gets further boost *GAS Staff*	Oct. 39
An evaluation of the energy crunch in the U.S. *Ken Kridner*	Aug. 38
Experience with LNG supply *Carroll V. Kroeger*	Feb. 36
LNG In France *Carroll V. Kroeger*	Mar. 56
LNG outlook on the East Coast *Jacek Makowski*	May 69
Measuring LNG is important *W. W. Cofield and R. G. Graves*	Mar. 63
More companies turn to LNG for peak shaving *GAS Staff*	July 35
New gasification project under way *Thomas F. Withka*	April 48
Ocean transport of LNG *R. R. Park*	Aug. 48
Satellite LNG plants receive attention *John T. McKenna, Jr., and Charles P. Buckley*	Oct. 69
Satellite LNG tank serves well *Richard T. Laudenat*	Mar. 47
SNG is coming to Brooklyn Union *Ed Larson*	Dec. 28
Support pilings for large LNG tank *A. G. Nibecker*	Aug. 35
Texas Eastern unveils Staten Island LNG Plant	Jan. 28
Underground storage continues to grow *George C. Grow, Jr.*	June 31
Management	
Alaska gas activity increases	Nov. 42
CIP program evaluates fuel cell *Hal Springborn*	July 41
The cost to comply *Robert B. Catell*	Oct. 58
Engineered weather predictions *Lyle E. Brosche*	Mar. 60

Title, Author	Month, Page
An evaluation of the energy crunch in the U.S. *Ken Kridner*	Aug. 38
Larger machine yields savings in $$, time *Henry F. Unger*	July 51
Latest company reports to FPC on power and pipe *GAS Staff*	July 38
Meet Ralph T. McElvenny, A.G.A. chairman-elect *GAS Staff*	Oct. 42
NEGA meet discusses OPS code *Hal Springborn*	Feb. 35
NEGA–'Unlocking New Horizons' *Hal Springborn*	May 77
New Federal safety regulations–from a distribution company's viewpoint *R. B. Catell*	May 51
One-number call system reduces underground damage *Joseph S. Kleinberg*	Dec. 33
Pipeline to profit *Leo G. B. Welt*	Feb. 51
Pros and cons of utilities and low-cost housing *Harold S. Walker, Jr.*	Jan. 36
A report on the past year with the A.G.A. *G. J. Tankersley*	Nov. 55
Smog cutters pay off for Arizona utility *Henry F. Unger*	April 50
Weather forecasting aids load planning	Nov. 38

Measurement & Control

Application of computers in gas distribution operations *Samuel I. Hyman*	April 56
Automating a gas system *John Heap*	Dec. 42
Automation survey gives industry insight *Newton E. Armstrong*	April 36
Colorado utility uses computer control *GAS Staff*	Nov. 35
Columbia Gulf installs on-line open-loop computer *GAS Staff*	April 53
Companies use automation, system control, computers *A. E. Uhl*	Sept. 45
Corrosion control at compressor and regulator stations *Cory E. Mahan*	Nov. 62
Critical flow nozzles for gas measurement *H. V. Beck*	Sept. 49
DAS oversees NNG compressor station operations *Glen E. Cooper and Virgil O. Flugum*	April 40
DC^2 offers new industry concept *GAS Staff*	Oct. 48
Design of a closed-loop testing facility *Joseph A. Bonner*	Oct. 53
Gas industry uses minicomputers *Newton E. Armstrong*	Feb. 39
Instrumentation survey reveals trends *GAS staff*	Sept. 43
Intermountain gas uses supervisory control	July 43
Measuring LNG is important *W. W. Cofield and R. G. Graves*	Mar. 63
A new research center *Ken Kridner*	Dec. 38
Operating experience with elbow flow meters *Sam Cannella*	Jan. 43
Periscoping communications in '71 *F. Vinton Long*	Jan. 35
Proving diaphragm-type positive displacement gas meters, Part 1 *Howard W. Berghegger*	June 36
Proving diaphragm-type positive displacement gas meters, Part 2 *Howard W. Berghegger*	July 58
Truck-mounted proving unit speeds field checking of higher volume meters *C. A. (Bob) Roberts*	Sept. 35
Turbo Meter accuracy stability evaluation *Richard Sutton and Merle Gallagher*	Nov. 49

Plastics

Can short-term quality control tests predict long-term performance of polythylene pipe? *Dr. Darrell D. Meyer and Dr. Dennis L. Funck*	Mar. 50
Converting from steel to plastic *G. A. Hendrick*	May 78
Industry plastics usage shows steady growth trend *Ken Kridner*	Mar. 36
Plastic insertion saves time, dollars *Kenneth A. Craig*	Nov. 58
Plastic pipe insertion pays off	Dec. 54
Plastic pipe: past, present, and future *C. F. Mengers, E. J. Escolas and R. A. Day*	Mar. 34
Plowing-in epoxy pipe in Ohio	Feb. 43
Polybutylene for gas distribution systems *S. E. Pregun*	Aug. 46
Significance of plastic pipe testing *K. C. Ford*	June 33

Survey

Automation survey gives industry insight *Newton E. Armstrong*	April 36
Gas industry uses minicomputers *Newton E. Armstrong*	Feb. 39
Industry plastics usage shows steady growth trend *Ken Kridner*	Mar. 36
Industry survey points to coatings status *Ken Kridner*	Feb. 33
Instrumentation survey reveals trends *GAS Staff*	Sept. 43
Latest company reports to FPC on power and pipe – power and steel *GAS Staff*	July 38
24th annual report of gas industry budgets for construction and equipment *GAS Staff*	May 53
